

STATEMENT FROM

Tiffany Knight

Hello fellow cooperators! My roots to Breadroot run deep, I have been a member since Breadroot opened in 2001 at the Columbus Street location. I volunteered at Breadroot for 12 years, doing everything from moving the store three times, placing orders, running the till, opening and closing the store, helping write the mission statement, as well as serving on the board for many years. The Co-op is a magical place for me; I love and appreciate the community that continues to grow, and I look forward to being able to keep the growth in the direction of making healthy food accessible to everyone, growing our connections with local producers, educating the public, and strengthening our community. I'm in Breadroot at least 2 to 3 times a week, so if you see me, please introduce yourself and feel free to ask me any questions about how I can best represent you. This is our store, Breadroot is member owned, I look forward to representing you!
